Re: Jenna Churchill

To Whom It May Concern,

I am very pleased to serve as a reference for Jenna Churchill. I am a teacher at Highland Park Elementary in Armstrong, BC. I have been a teacher for 30 years, and I have been at Highland Park since 1998. Ms. Churchill completed her final teaching practicum in my grade 3 classroom.

Ms. Churchill is a hard working and dedicated teacher. She is committed to her students, and she consistently seeks out new and innovative ways in which to help them succeed. Each individual child is important to Ms. Churchill, and she strives to meet the unique needs of each of her students. She makes strong connections with her students, and each child knows that they are valued and respected. She is organized and thoughtful in her planning, and her classroom always has a wonderful atmosphere that is welcoming for children.

Ms. Churchill is well respected as a colleague, and she has established excellent working relationships with the staff. She is always smiling, has a positive attitude, and enjoys opportunities to connect with and develop plans with other staff members. She is eager to help with school wide activities, and she assisted with the Talent Show while completing her practicum. I personally appreciate her presence on our staff, and I truly enjoy opportunities to work with her.

I strongly recommend Ms. Churchill for any teaching positions, and I personally look forward to an opportunity to work with her again. If you have any further questions, please do not hesitate to contact me directly.

Sincerely,

Lisa Coombs-Smith
Grade 3 Teacher
Highland Park Elementary School
